

Brown - Creasing - (IHBr) Code 2FTDT18

The Packaging Tools set consists of one head with 9 wheels of various size and diameter, which have been developed for the packaging market for those who need to die cut cardstock, flute board, corrugated board and polypropylene.

- **Adjustable creasing pressure**
- **Clean and precise creases**
- **Wheels Easy Mount**
- **For folding carton and corrugated board**

WHEELS AVAILABLE

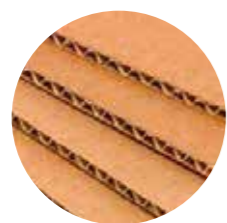

- *Set of creasers for Folding Cardboard (3 pcs)*
- *Set of creasers for Corrugated Cardboard (3 pcs)*
- *Set of perforating wheels (3pcs)*

Ø 16 - Ø 32 mm

MATERIALS

Folding Carton

Micro Corrugated Cardboard

Polypropylene Honeycomb

Archival Corrugated Board

Brown - Creasing Wheels (Part of IHBr)

WHEELS

1

Perforating tool: Serrated cut wheel, Ø 32 mm, 2-1 mm step.

2

Blade tool: Metal round-knife wheel, Ø 32 mm diameter.

3

Perforating tool: Serrated cut wheel, Ø 32 mm, 3-1 mm step.

4

Scoring tool: 32 mm diameter, 2 mm round crest.

5

Scoring tool: 32 mm diameter, 1.5 mm round crest.

6

Scoring tool: 32 mm diameter, 1 mm round crest.

7 Scoring tool: 16 mm diameter, 0,7 mm round crest.

8 Scoring tool: 16 mm diameter, 1 mm round crest.

9 Scoring tool: 16 mm diameter, 1,5 mm round crest.

White 90° - Straight Cut & Half-Cut - (IHW)

Code 2FTDT04-V

The 90° - White head has been developed to cut a wide range of materials up to a thickness of 6,3 mm (1/4"). It comes as standard with one pressure roller and a metal foot. Recommended to perform half cut on shadow boxes as well as to cut foamboard spacers.

- **Multi-purpose cutting head**
- **Half-cut on grey board**
- **Compatible with I-Series Holder**
- **Foam board spacers trimming**

MATERIALS

Mat-board and spacers up to 6,35 mm (1/4")

Vinyl and adhesive (Vacuum assisted table)

FoamBoard up to 5 mm (3/16")

Museum archival board

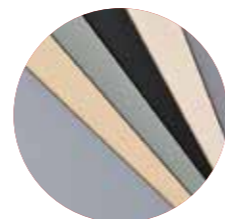

Red 45° - Bevel Cut - (IHR)

Code 2FTDT08-A

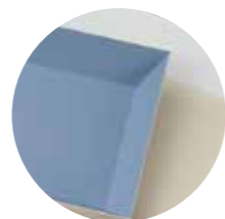

The 45° - Red head produces a bevel cut with 45° angle (Face-Up). This head works effectively on materials with a maximum thickness of 2.3 mm (6ply).

- **More pronounced Bevel Cut**
- **Pre-glued multi-layer matboards**
- **With removable blade holder for a quick blade change**
- **Compatible with I-Series Holder**

MATERIALS

Standard mat-board up to 2.2 mm (6 ply)

Shadow Box

Suede Mat-board

Double Mat-board

Purple - Embossing / Debossing - (IHP)

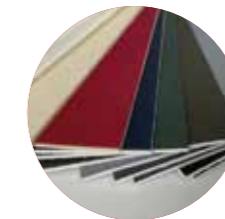

Code 2FTDT09

The Embossing/Debossing Head - Purple head is used to create decorations by applying pressure on different materials. Any shape or design can be elegantly embossed/debossed on the surface of the material depending on its rigidity and consistency.

- **Give your design another dimension**
- **Raise the surface of your design**
- **Ideal for Mat-board decorations**
- **Elevate your project to the next level**
